**Issued by National Institute of Business Management · Aug 2023**
awarded annually to the top-performing student in their respective programs.

## PROFILE

As a 21-year-old Software Engineering undergraduate at NIBM Sri Lanka, I'm a quick learner driven by a passion for web development.
I currently work part-time as an Academic Tutor at NIBM, where I am dedicated to providing educational support and fostering a learning environment for students. Additionally, I am involved as a Postman Student Leader, where I lead and mentor in the Postman student community.
With a strong foundation in backend development, I bring responsive web design to life. I am dedicated to crafting efficient solutions and continuously innovating in the tech world.

-------------------------------------------------

## WORK EXPERIENCE

**Academic Tutor**
National Institute of Business Management, Galle.                    2023 - Present

**Freelance Web Developer**                    2022 - Present
Self-Employed

-------------------------------------------------

## PROJECTS

**NotifIBM**
Developed NotifIBM, a comprehensive academic companion web app for NIBM students, featuring timely notifications and a GPA calculator to enhance academic tracking and performance. Engineered using Next.js 13, Supabase, and Tailwind CSS, ensuring a responsive and user-friendly interface.

→ github.com/supunsathsara/NotifIBM-App

**Market Mate**
Engineered Market Mate, a next-generation e-commerce platform aimed at optimizing user shopping experiences through advanced technological integrations. Utilized Next.js 13 for seamless user experiences, combined MySQL & MongoDB for efficient data handling, integrated Next-Auth for secure user authentication, and incorporated PayHere for reliable transaction processing.
